FOR IMMEDIATE RELEASE

Overnight Closures of Northbound I-405 Connector to Eastbound I-105

HAWTHORNE — The California Department of Transportation (Caltrans) today announced the scheduled overnight closures of the northbound I-405 (San Diego Freeway) connector to eastbound I-105 (Glenn Anderson / Century Freeway) starting next week. These temporary closures will provide additional work space to allow removal of concrete debris and pouring of new concrete within the continuing long-term closure of the northbound I-405 connector to *westbound* I-105, which will remain closed through April. The northbound I-405 connector to eastbound I-105 is scheduled to be closed temporarily as follows:

- The nights of Monday, Feb. 5 - Tuesday, Feb. 6 - Thursday, Feb. 8 - Monday, Feb. 12 and Tuesday, Feb. 13 from 10 p.m. to 5 a.m. each night.

The temporary closures of the northbound I-405 connector to eastbound I-105 are scheduled for separate nights and will re-open at 5 a.m. each morning. This schedule is weather-permitting and is subject to change.

Eastbound Detour: Continue northbound on I-405, exit Imperial Highway, turn right and drive east to the eastbound I-105 on ramp at Freeman Ave.

Westbound Detour: Continue northbound on I-405, exit onto Imperial Highway westbound.

Detour signs will be in place. Upon completion of this overnight work, the ramp from the northbound I-405 to the *eastbound* I-105 will remain open. The ramp from the northbound I-405 to the *westbound* I-105 will remain closed as reconstruction of that ramp continues through the end of April.
